

## The Swallow Education Foundation

---

What does the Foundation do at our school?

Events like the Golf Outing, Family Fun Night, Bingo Night, Mad Science and the Original Works Program come to our school with the sponsorship and hard work of the Foundation.

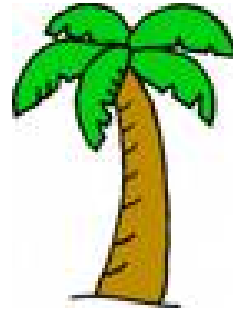

Your support to the Foundation fundraisers go to fund:

**Staff Appreciation** - a week long event of breakfasts, lunches and dinners all made specially by our Swallow families for our wonderful teachers and staff.

Back to School luncheon for teachers  
Holiday gifts for staff  
Year end student art award  
Climb theater  
Character Education assembly  
TV turnoff week  
Young Writers Story contest  
Kindergarten Reading Night  
Meet and Greet

### Mission Statement:

**Swallow Education Foundation, Inc.'s mission is to promote and encourage communication between parents, teachers, administration and the community. The foundation strives to foster a sense of support, pride and enthusiasm towards our school. The foundation sponsors and organizes fundraising and school events, which deepen our community spirit and enrich our children's educational**

**5:30 Happy Hour and Appetizers**

**6:45 Pig Roast Buffet Dinner**

### Why Promethean ActivBoards?

Here is what some of our teachers and students are saying about an ActivBoard in the classroom:

I absolutely love my ActivBoard. It has revolutionized how I teach....Best of all, the students can't get enough of it...students all want a chance to come up to the board, so they all want to get the work done. I cannot say enough about this learning/teaching tool!

Mrs. Nelson, 5th grade teacher

An ActivBoard helps us have fun and makes us want to go to school...Other people in the other second grade (classes) are jealous of us and say "You are so lucky!" It makes learning fun!.

Matthew -2nd grader in Mrs. Davis's class

I love how teachers can scan work pages in and then do some examples for EVERYONE to see.

5th grader in Mrs. Peterson's class

We no longer have to all crowd around one computer to be able to learn how to use programs.
